Enjoy embroidery software on a whole new level with the innovative features of BERNINA Embroidery Software 7. And it's never been easier to use – updated icons are logical and easy to see; the updated interface is intuitive; find the tools you need at a glance.

Feature Packed to Support your Embroidery Vision
Get creative turning embroidery dreams into reality with exciting new three-dimensional (3D) features like PunchWork, StumpWork, Trapunto and Raised Satin. The new **DesignerPlus Embroidery Software 7** includes a range of 3D effects for unique surface embellishments.

With BERNINA Embroidery Software 7, enhance your creativity with the power of CorelDraw® Essentials X6. Apply special effects to artwork, add text, shapes, freehand draw elements or trace bitmaps for unique multimedia projects. Use the Automatic Digitizing tool to easily turn artwork from various graphic formats into an embroidery design in just one click.

Preview your design in a variety of colours quickly and easily with the Colour Wheel. The software will select the perfect colour match from the built-in thread charts. Whatever your favorite thread brand, the thread management feature will choose the compatible colour number.

The **EditorPlus Embroidery Software 7** makes each embroidery project uniquely yours with simple editing and extensive lettering options. Quickly preview designs in alternate colours with the powerful Colour Wheel, create motifs with Automatic Digitizing and fine tune them with the various editing features included within the software.

Great results rely on careful planning. With BERNINA Embroidery Software 7 you can preview your design on a variety of built-in articles. Dresses, long and short sleeve shirts, pants, sweaters ... a full wardrobe of clothing is included in the software. Embroider with confidence knowing the design is just the right size, colour and position on your article.

Raised satin 3D effect

**Microsoft® and Mac® supported installation.**

PunchWork

Combine embroidery with PunchWork for incredible 3D effects. Add PunchWork details to a newly created or existing embroidery design in just one click. DesignerPlus 7 allows you to create felted needle punch right in the hoop.

StumpWork

Turn a flat embroidery design into a three-dimensional masterpiece. Add petals to flowers for a naturalistic effect; create a flip flop design fit to be worn. DesignerPlus 7 brings your embroideries to life.

Find out more about Embroidery Software 7 and enjoy free downloads at www.bernina.com/software.
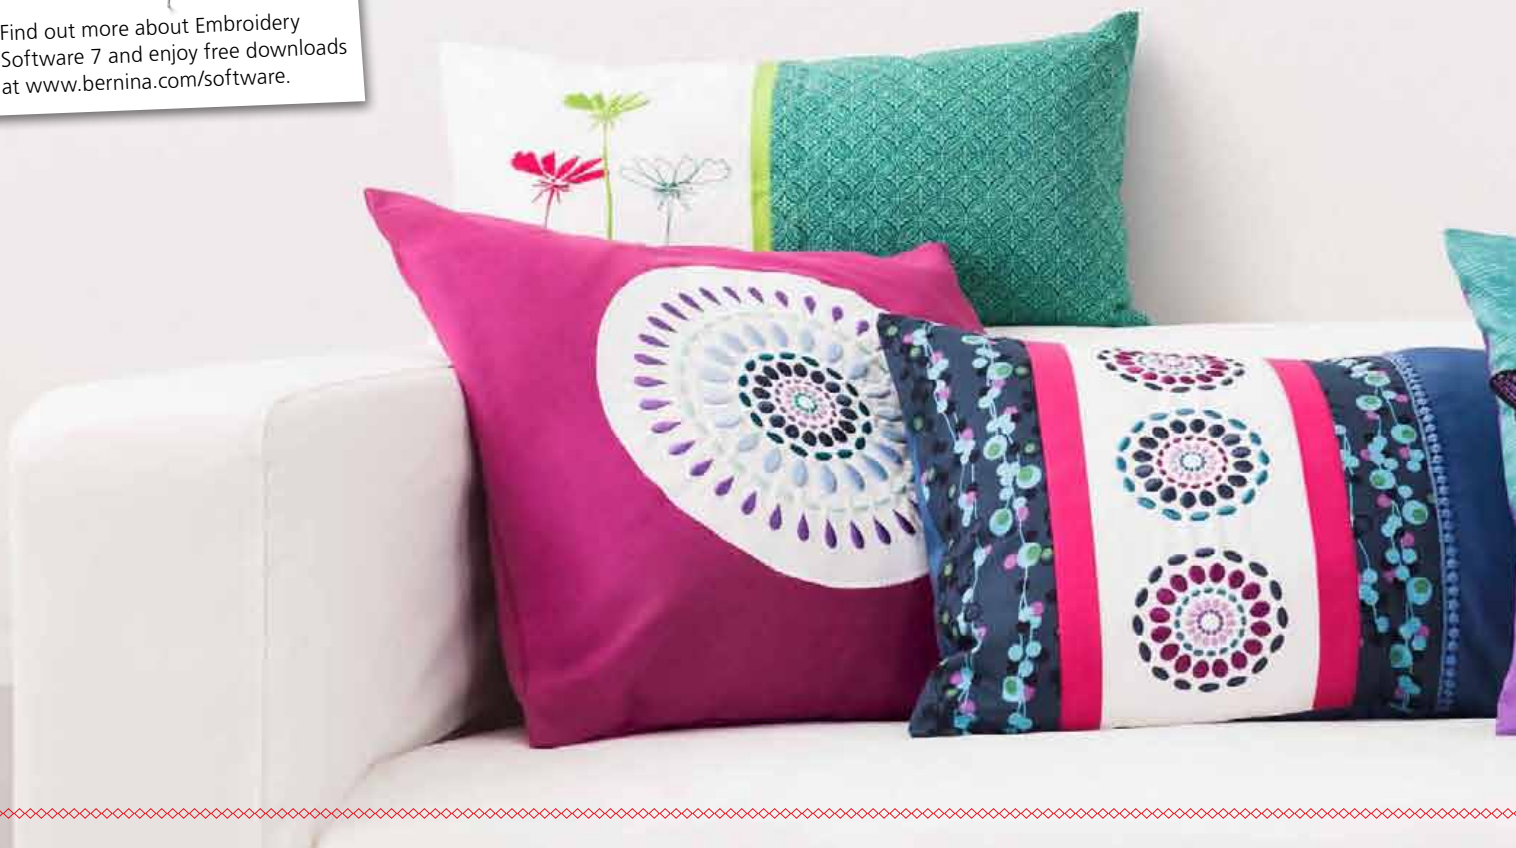

Create embroidered effects that stand out in the crowd with raised Trapunto embroidered elements. Select areas of your embroidery design to apply the raised satin stitching for stunning effects. DesignerPlus 7 in combination with your embroidery machine will take your creativity to the next level.
