Embellish and decorate your own clothes! Give your home a personal flair with artworks made up of your own creations!

There are no limits to your creative ideas with the 62 exquisite motifs in this classical Swiss collection, inspired by traditional St. Gall embroidery.

Today, St. Gall embroideries are still among the costliest and most sought-after materials for the Paris haute couture creations.

You too can create your own highlights from this exceptionally comprehensive collection of St. Gall embroidery designs. The possibilities are practically unlimited: classically elegant, sportingly straightforward or youthfully playful – the choice is yours. This year BERNINA International AG celebrates its seventy-fifth anniversary, and we cordially invite you to join us in reinterpreting the traditional art of St. Gall.

Some of the special designs selected for this classic collection comprise border motifs. They are suitable for straight borders and in some cases also for curved ones. The BERNINA border calculator lets you plan your borders precisely for effortlessly perfect results. This software calculates exactly how many motif repeats of which size fit your individual garment, thus guaranteeing faultless border motifs without any gaps or overlapping.
